2009/10 DRILLING INDUSTRY REGISTER

The 2009/10 Drilling Industry Register is now being compiled. This service is **FREE** to all financial members; and provides an opportunity to list your business name, contact details and products/services. You can also choose to have your details included on the ADIA website.

The Drilling Industry Register and the ADIA website contain the primary industry directories for organisations and individuals seeking drilling contractors, manufacturers, suppliers and related businesses. It's only printed **ONCE A YEAR** and incorporated in the November/December edition of ***Australasian Drilling***.

Contact names and other important details often change so we will only print what you tell us to! Therefore, if the details printed last year were correct, simply tick the box below – 'same as 2008/09' - and fax Page 1 back to us.

Otherwise, please complete pages 1, 2 & 3 in full and email or fax the three pages to us via editor@adia.com.au or (03) 9770 4030 **AS SOON AS POSSIBLE**. The deadline is **FRIDAY 23rd OCTOBER**. Any entries received after this date may miss out!
